Location: Kochi, Kerala

PROFESSIONAL SUMMARY

Senior Python Developer with 6 years of experience building scalable web applications using Django and Django REST Framework. Strong in database optimization, caching strategies, and API design.

SKILLS

Languages: Python, SQL, JavaScript, Bash

Frameworks: Django, Django REST Framework, Celery, FastAPI

Databases: PostgreSQL, MySQL, Redis, Elasticsearch

Cloud & DevOps: AWS (EC2, RDS, S3, Lambda), Docker, Nginx, Unicorn

Tools: Git, Sentry, New Relic, Swagger, Pytest

Concepts: REST API Design, Caching, Message Queues, Microservices

WORK EXPERIENCE

Senior Python Developer — Razorpay, Bangalore, Karnataka

Aug 2021 – Present

- Architected Django-based merchant onboarding platform serving 500K+ merchants
- Designed and built RESTful APIs with Django REST Framework for payment integrations
- Implemented Redis caching layer reducing database load by 60%
- Built async task processing with Celery for bulk payment operations
- Led Python 3.11 migration and Django 4.2 upgrade across services

Python Developer — UST Global, Thiruvananthapuram, Kerala

May 2019 – Jul 2021

- Developed healthcare data management system using Django and PostgreSQL
- Built data export APIs processing 10M+ records with streaming responses
- Implemented full-text search using Elasticsearch and Django Haystack
- Created automated deployment scripts using Docker and GitHub Actions

Junior Developer — Infosys, Mysore, Karnataka

Jun 2017 – Apr 2019

- Built internal tools using Django for project management
- Developed Python scripts for data ETL and report generation
- Wrote unit tests with Pytest achieving 85% code coverage

EDUCATION

B.Tech Computer Science — NIT Calicut (2017)

CERTIFICATIONS

- AWS Certified Developer – Associate
